## NEWS in BRIEF

**PHOENIX, Ariz. (UPI)** — An attorney for a mother, whose unborn fifth child may be deformed because she took the drug thalidomide, Friday accused the state and county of trying to "beg off" in the parents' attempt to obtain legal sanction for an abortion.

Mrs. Sheri Fielding, star of a local children's television program, consented to terminate the pregnancy, but Arizona law makes an abortion a felony except where the mother's life is endangered.

**COPENHAGEN, Denmark (UPI)** — Former President Dwight D. Eisenhower's strenuous pace during his visit to Denmark caused his associates today to worry about his physical condition.

A highly placed source said Eisenhower, touring with his wife and grandchildren, was putting too much strain on himself in order not to disappoint the Danes and many American tourists who crowd around him to pay their respects.

**WASHINGTON (UPI)** — A Senate subcommittee plans to investigate actions that may have blocked settlement of the strike which halted work on 11 nuclear submarines.

The Senate investigations subcommittee scheduled the hearing for Monday—the day before 8,500 idled workers vote on a tentative agreement reached by union and management officials.

**SACRAMENTO, Calif. (UPI)** — Machinist union employees of Aerojet General Corp. voted today to give their negotiating committee authority to call a strike that could seriously affect the nation's aerospace program.

However, the workers rejected an alternate proposal that they strike immediately.

## CHAMBER OFFER

### Angel View in Reconsideration

**DESERT HOT SPRINGS** — The board of the Angel View Crippled Children's Foundation last night voted to ask the local chamber of commerce to write its proposal for financing the reopening of the foundation's outpatient clinic here.

In a marathon meeting, the board also authorized legal action against four auxiliaries which have withheld \$13,000 in donated funds, in a dispute over fund handling and board failure to adopt an 11-point recommendation submitted by a 12-member policy committee.

The chamber aid plan, authored by Al Horton, chamber president, called for a town meeting to raise

an estimated \$2,000 monthly for operation of the outpatient clinic, which suspended work today after seven years.

The board explained its reconsideration was made because some board members did not know of the plan before Sam Benton, board president, rejected it. Benton explained that the board members with whom he discussed the offer felt the foundation couldn't depend on donations for financing the work.

The board, which authorized sale of 138 stock shares to meet current payroll and other obligations totalling \$2,689.84, called for legal

action against the four auxiliaries which have withheld \$13,000 raised for foundation support. The board declared that if attorneys Runwell and Montgomery haven't taken action within 10 days, the board may seek other legal counsel. Board member Charles Eliot told the meeting he would pay for other legal services.

The board drew fire from inside its ranks, as member A. B. Scott told the meeting that "the board is too impulsive."

Scott cited the acceptance of the resignation of former volunteer medical Dr. Robert Bingham—who today prepared to give free care

to the clinic's 200 former outpatients in his private clinic here—as a mistake.

"It was ungracious the way we kicked him out. I voted to keep him on the staff; I wouldn't do that today, but I must point out that you're acting in the same impulsive way," Scott said.

Both Scott and John Seamans warned the board about accepting a proposal by fellow board member Guy Steele to suspend charters of the four auxiliaries. Steele, who withdrew his motion, suggested the action because of the auxiliaries' failure to surrender funds they gathered for the clinic.

## Have Rustlers On This Range?

**INDIO**—Shades of the old West were hinted in the sheriff's department here Friday, as two young men were arrested on a calf rustling charge.

The suspects didn't exactly ride the range, deputies reported. Jimmy Gatlin, 23, of 82-266 Valencia, Indio, and Tommy Diehl, 26, of 85-375 Avenue 53, Coachella, were charged with putting a calf from the Barnes Ranch near here into a pickup truck last weekend.

A preliminary hearing on the charge has been set for 2 p.m. Tuesday, before Judge Kerby Hester, Coachella.

## Young Hero Honored on This Day

A record crowd is expected to jam the Polo Grounds tonight to pay tribute to Sam W. Alexander who lost his life in rescuing a buddy of his in the Salton Sea July 12.

Members of the George Cameron's Pirates baseball team in the Keystone League, which Alexander was a member, proclaimed today as Sam Alexander Day and will play a doubleheader game with the Colt League champions from San Diego at the ball park.

Alexander, an all-around athlete at the Palm Springs High School, drowned while saving the life of Eddie Waltham, 8, in the waters of Salton Sea.

Proceeds which have started to pour into the Boys' Club will be used to erect a plaque in honor of Alexander at the club, Ray Lockwood, director announced.

**VIENNA (UPI)** — Mrs. Eugene Anderson, newly appointed U. S. ambassador to Bulgaria, arrived in Sofia Friday, the Bulgarian news agency BTA reported here. Dr. Dickinson said.

# U.S. Ready to Ease Terms of Nuclear Ban

## Dean to Offer Russia Chance On New Terms

**WASHINGTON (UPI)** — Officials said today the United States will ease its terms for a nuclear test ban treaty if Russia agrees in advance to accept some international inspections on her territory.

In addition, they said, the United States may offer to conclude a temporary treaty banning all atmospheric, space and underwater tests without any new safeguards. Underground tests would remain outside the ban pending the working out of inspection and control procedures to guard against bootleg blasts in this category.

These were reported by well-informed officials to have been the tentative decisions taken Friday by President Kennedy and his top advisers on atomic policy.

The chief U.S. nuclear negotiator at the Geneva conference, Ambassador Arthur Dean, has been called home for a briefing. He will be sent back to the East-West meeting late next week to offer the Russians a chance to come to terms on a test ban pact.

Officials said the United States, which heretofore has insisted that approximately 20 international inspections of suspicious disturbances on Soviet territory would be necessary each year to police a test ban on a spot check basis, has decided against offering any specific reductions at the outset. Instead, Dean will be instructed to tell the Russians that new scientific data indicates the possibility of lowering the number of inspections and the U.S. will make a specific proposal if the Russians agree in principle to the idea of inspections.

So far the Kremlin has refused to consider the possibility of even one inspection of its territory per year, although both Britain and the United States have agreed to submit to inspections.

## Bella Troop Takes Over Port City

**ALGIERS, Algeria (UPI)** — Troops supporting dissident Vice Premier Ahmed Ben Bella took over the eastern port city of Philippeville today and Provisional Premier Ben Youssef Ben Khedda called for an urgent meeting of the supreme national council to decide who should run Algeria.

Ben Khedda called for a session of the National Council of the Algerian Revolution in a communique issued as pro-Ben Bella troops were reported marching through eastern Algeria toward the Berber stronghold of Kabylia.

At the same time an envoy of Ben Bella conferred with Belkacem Krim, leader of another faction in the political dispute that has brought the threat of civil war to this newly independent state.

Ben Bella last week made a bid for power by proclaiming a seven-man political bureau, weighted in favor of him. Troops of the National Liberation Army who support Ben Bella then began seizing control of large areas of Algeria while Krim set up his headquarters in Tizi Ousou and swore to keep Ben Bella's troops out of his area.

Today Ben Khedda, who appeared to have been waiting on the sidelines, said his provisional government favored the idea of a politbureau. But he demanded it be approved by the CNRA, which serves as the parliament and supreme council of the Algerian revolutionary movement.

## Russia Launches Cosmos Satellite

**MOSCOW (UPI)** — The Soviet Union today successfully orbited the seventh unmanned satellite in its Cosmos series designed to pave the way for another manned flight into outer space.

The Soviet news agency Tass, announcing the launching, said the Sputnik, named Cosmos-7 would study the radiation belts surrounding the earth "to estimate radiation hazards for long space flights."

The satellite's instruments also will beam information back to earth on how space particles affect radio waves, cosmic rays, the earth's magnetic field, the upper layers of the atmosphere and how meteorites affect man made spacecrafts, Tass said.

It also indicated Cosmos-7 was at least partially a weather satellite. It said the Sputnik would study shortwave rays from the sun and the formation of clouds in the earth's atmosphere.

Tass said Cosmos-7 went into orbit at an inclination from the equator of 65 degrees.

The first of the Cosmos series satellites was launched March 16 this year. Cosmos-6 was shot aloft June 30.

The Tass announcement gave no weight for the latest Sputnik, just as previous announcements failed.

to report the weights of any of the Cosmos satellites.

Only the barest information—a brief description of the contents and the height at which it is flying—has been released about them.

Western observers here said they feed the satellites are designed to glean the space data needed for a third Soviet manned space flight.

Tass said the Cosmos-7 was spinning around the earth once every 90.1 minutes.

## Nuclear Rocket Failure Cuts Test Chances

**WASHINGTON (UPI)** — Thursday's failure to launch a nuclear rocket has reduced the chances of completing the planned Pacific test series, atomic sources said Friday.

The tests began three months ago. President Kennedy said they would last two to three months.

The sources said it was now up to the President to decide whether to attempt any more rocket shots.

## Sign Law Tightening Scheduled in October

Study of the proposed tightening of the Palm Springs rate sign law has been tentatively scheduled for October by the city variance board.

Jack Sanders, city building inspector, said the delay was voted because board members Harry Bogart and Clarence Brechlin are vacationing out of town. The item was referred to the board for study by the city council.

Dr. Sherman Dickinson, president of the Palm Springs Hotel and Apartment Association, requested the tightening of city ordinance on rate sign use. The use of the signs "cheapens the city," Dr. Dickinson said.

## Sheri Good Places High In Contest

**LOS ANGELES** — Sheri Good, Miss Palm Springs, added another sparkle to her beauty achievements here in the past two nights as she was the first runner-up in the Miss World Beauty Pageant California finals at the Biltmore, won by shapely Linda Kennon, 20, who along with Amadee Chabot, Miss California, will go to Huntington, W.Va., for the national finals.

Sheri was selected along with four other beauties joining 31 other contestants in competition for the title of Miss California Friday night. The beauty of Palm Springs remained in the running as the field was cut to 12 girls for the final judging. In the finals, Miss Chabot was announced the winner of the Miss California crown.

The lovely Miss Palm Springs not only represented the resort city, but also the Los Angeles Angeles in the Biltmore beauty contest, for several week ago she won the Miss Angel crown.

Following the final judging Thursday evening, scores of Palm Springs enthusiasts who had viewed Sheri on TV called and congratulated Miss Palm Springs on her achievement.

## Surprise Witnesses Slated for Estes Case

AMARILLO, Tex. (UPI) — Texas Atty. Gen. Will Wilson said he will spring several "surprise witnesses" today at the state court of inquiry into the business affairs of Billie Sol Estes.

The third day of testimony in the court of inquiry resumes at 11 a.m. EDT. Wilson said Friday night that he expects to wind up the hearing today by recalling several witnesses and questioning several other persons "who could be called surprise witnesses."

"They (the witnesses) have knowledge of Commercial Solvents and some of its transactions," Wilson said.

Commercial Solvents Corp., a New York chemical company which supplied Estes with fertilizer and lent him large amounts of money.

Wilson, who returned to Amarillo Friday from his father's funeral in Dallas, said "we should be through around noon."

An indicted associate of Estes testified Friday that the farm financier bragged about spending \$100,000 a year in Washington and once said he was going to give Lyndon Johnson an interest in a grain storage bin.

Coleman D. McSpadden of Lubbock, the associate, said that Estes told him he was going to build a 10-million-bushel grain storage bin at Hereford, Tex., and give a 1/4 interest to Vice President Lyndon Johnson.

McSpadden, president of Superior Manufacturing Co. of Amarillo, told the court of inquiry that Estes said he spent \$100,000 a year on a "situation" in Washington but never explained what the situation was.

In Washington, an aide to the vice president said that Johnson had never had any connection with Estes or had ever been offered any part of any Estes holding.

George Reedy Jr. said Johnson "didn't even know that Mr. Estes had a grain bin until he read about it in the newspapers. He was never offered directly or indirectly any interest in a grain bin by Mr. Estes" and never received any.

WASHINGTON (UPI) — The government has pulled out the last 1,800 Marines sent to Thailand two months ago to guard its borders against a Communist invasion from Laos.

The Pentagon announced Friday night that the "remaining" Marines stationed at Udorn, Thailand, are being redeployed to their ships and stations.

The original U. S. force which President Kennedy ordered into Thailand on May 15 amounted to about 6,000 Army, Marine and Air Force men. A thousand of the Marines were pulled out July 1.

The Pentagon gave no reason for the withdrawal of the rest of the Marines, who had been guarding the Mekong River border between Thailand and Laos. But the action followed closely the signing of a 14-nation guarantee of the independence of Laos under a coalition government.

When Kennedy sent the forces into Thailand at the request of the Thai government, he said he was doing it because of "recent attacks in Laos by Communist forces and the subsequent movement of Communist military units toward the border of Thailand."

"A threat to Thailand is of grave concern to the United States," Kennedy said in announcing May 15 action.

The Marine's withdrawal apparently left about 2,200 Army troops and 1,900 Air Force personnel there.

## Spa County Building Up For Monday

RIVERSIDE — The Riverside County Board of Supervisors will work on an agreement for the architectural services of Palm Springs architect Stewart Williams, during the meeting beginning here 9 a.m. Monday.

The agreement is for work on the Palm Springs branch county building, proposed on leased land in the Palm Springs civic center. While the building has been approved, the \$300,000 construction fund allocations have not been finalized.

At 1:30 p.m., the supervisors will conduct a public hearing on the application by Jean Damerel for a change of zone in the Cathedral City-Palm Desert district. The board will later hear a letter from the Coachella Chamber of Commerce urging improvement of the Thermal Airport.

## Cocktails, Steak, Diving Tonight In Palm Desert

# Far-Away Places Calling Villagers

**BREEZE-BLESSED** Hawaii still sings its siren song for vacation-bound Villagers. Above, Mr. and Mrs. Ralph W. Cochems of 540 Highlands Drive are photographed aboard the Matson Luxury Liner SS Matsonia as they leave Los Angeles Harbor for a

## 'Arrow Shape' Unveiled by Dior in Paris

PARIS (UPI) — The House of Christian Dior unveiled its "arrow" shape for women's winter fashions today—putting them in a triangle shape with skirts just covering the knees.

The "arrow" line designed by Marc Bohan was topped by pom-pom hats, perhaps representing the target.

**Waist Natural**  
Bohan kept the waist natural, using many belts.

In cocktail clothes and daytime wools, he used a tightly fitted midriff to emphasize women's natural curves.

Some suit jackets plunged to the end of the hip, probably the longest in Paris this season.

Bohan had just as many jackets, however, ending at the natural waistline, and dipping lightly in the back.

The Dior line is similar to the triangle shape advocated by several other designers for this fall; but it was less exaggerated than most.

**Pom Pons Prominent**  
Bohan sprinkled pom pons all over the place.

Nearly every close-fitting daytime hat had a fuzzy pom pom on top. Some hats consisted entirely of pom pons, made of jet beads or glittering fake jewels for evening.

Many of his suits had scarves tipped with fur pom pons.

His cocktail dresses featured straight tunics, including one in pink crepe richly dotted with crystal sequins and beads.

Long straight evening gowns were slashed to above the knee, or were transparent to the knee.

## English Trifle Recipe Is Easy

English Trifle can be prepared quickly using the convenient foods on the market.

Spread strawberry preserves on a pound cake, cut into 1 inch cubes place in a 2-quart serving bowl; pour 1-3 cup sweet sherry over cake. Drain juice from No. 2½ can of fruit cocktail, and spoon fruit over cake; pour 2 cups prepared vanilla pudding over fruit. Sprinkle with slivered almonds.

Chill for several hours and serve with sweetened whipped cream for an elegant dessert.

## Meanwhile, Back at the Spa...

'ICE CREAM CONES on the way' are the magic words in this typical Palm Springs summer scene captured by The Desert Sun photographer at Baskins-Robbins. Eagerly awaiting their 'double scoops'

are young Rachael Zanville, Chuckie Harris, and Sammy Scott Harris (who looks like he would like to try all 31 flavors). Waiting more patiently are Mrs. Philip Zanville and Mrs. Arlene Harris.

## Seat Belts A 'Must' For Safety

What's all this furor about automobile seat belts? And why?

Since women constitute some 40 per cent of all licensed drivers and probably do more than 50 per cent of all passenger car driving, the Women's Service Bureau of a major rubber and tire firm set out to find the answers to these and related questions.

National statistics show that more than half of all serious auto accidents occur within urban areas and at speeds of less than 40 miles an hour. What's more about three out of four traffic deaths occur within 25 miles of home.

**The Family Chauffeur**  
This pinpoints most traffic accidents to the "family chauffeur" driving area where the women driver is the busiest.

These studies further show according to the service bureau reports that driver and passenger alike are 60 per cent safer with a seat belt. Seat belts installed in all motor vehicles would save 5,000 lives a year and reduce serious injuries by one-third. That explains why such organizations as the National Safety Council, the American Medical Association, the Automotive Safety Foundation and the U.S. Public Health Service recommend that you have seat belts installed —and use them constantly.

**A Coming "Must"**  
American auto makers now equip all new cars with seat belt fasteners at the factory. Legislation either has been passed or is pending in a majority of states requiring installation of belts and setting specifications for seat belts sold in those states.

## In the Good Old Summertime

### Palm Springs Transplanted

It's getting so a Villager can't cross the Strand or stroll down the Champs Elysee without bumping into another Palm Springs vacationer abroad. Gladys Stryker for instance (she has the fashion shop at the Racquet Club) postcard that she had run into Win-some and Pete Elliott in not only one but TWO restaurants. Win-some (Courtney) and Pete were married this summer, have been traveling about Europe — loving London. They will be back in their Los Angeles home shortly for a stay before coming to the desert in the autumn.

Gladys Stryker is madly enthusiastic about her travels. "Never did I expect Europe to be so wonderful," she writes. "Until you are here yourself you just can't imagine what it is like. London is just fantastic." She reports that she saw Nancy Holmes (the internationally known photographer who is a winter resident here), and Norman Winston and his wife in Monte Carlo.

"Now touring Italy in a car," Gladys crams onto the postcard, "and the Italians are such handsome people and so gay. The shops are all beautiful, but prices are higher than in Palm Springs." She will tour Lake Como and Switzerland before returning to Rome and then back to the United States.

## A REALTOR'S NOTES

by Isabelle Cameron

**IN RANCHO MIRAGE**... We offer two really great buys... If you are not familiar with the area... Rancho Mirage is beautifully located... Ten miles from Palm Springs... Five minutes from the new College of the Desert... Safeway is part of a fine shopping center... The properties are located on wonderful view lots... Even Mts. San Geronio and San Jacinto are visible... Rancho Mirage adjoins the Thunderbird Country Club properties... ITS SURBURBAN... and that tells the whole story in a nutshell... Homes range from \$12,000 to \$60,000... An example of the lesser priced:

**\$14,250.00 FULL price**... 2 bedrooms 1 bath, and only \$1,000 down payment!

**\$12,000 DARLING** contemporary home... suitable for couple... one bedroom... a convertible den... with two baths... It's the greatest!

**THERE CAN BE NO DOUBT**... Land is THE investment... Directional growth is really just common "horse sense"... one does not have to, of necessity be an authority... but it surely helps to confer with a firm established for 27 years specializing in "earth"... A good investment is not ALWAYS available... But... how can you go wrong on 113 acres right off the freeway at only \$1,600 per acre with public utility water and power... right off Del Sol Road... Del Sol Road is perhaps just an "unknown quantity" to you... but it is THE ROAD, off-ramp from the freeway... The only access from the freeway to Thunderbird, Tamarisk, Rancho Mirage and Palm Desert... IF YOU ARE IN A POSITION TO BUY on good terms... by all means see this property...

**I CAN REMEMBER**... and it's only six years ago... Indian Wells Country Club was a farm... and a sleepy little farm area to boot... Today the fabulous Desi Arnaz Indian Wells Hotel stands majestically on its 18 hole golf course a fairway of perpetual greenery has become the much sought-after location of wonderful homes... Indian Wells presents a "Way of Life" par excellence! A refreshingly informal Club house... Another but fabulous "Erawan Hotel" is under construction... Only 14 miles from Palm Springs... We fondly call it "downtown"... yet only five minutes from every form of shopping... Right on the fairways we offer a lot... you might want to build on it... and you might decide to hold it for appreciation only \$15,500.00 including membership in the Indian Wells Country Club...

**INDIAN WELLS COUNTRY CLUB HOMES**... from \$39,500.00 and UP... all of distinctive custom design... all with simple maintenance and we can supply it... JUST FOR EXAMPLE... Right on the fairway, two bedrooms, two baths... plus large guest room with bath... You can't believe the view!... You will adore the charming fire place in the living room... and the wonderful pool and deck area... All refinements... Furnished with wall to wall carpeting... \$52,500.00

**NOW IS THE TIME** for the "Not yet ready to buy" desert devotees to arrange for seasonal rental... actually they are booked far in advance...

**We're open** all summer... Same location for 27 years... mucho experience... residential, income, commercial properties and our very favorite "earth" ACREAGE are part of our portfolio... IN THE AREAS of Rancho Mirage, Palm Desert, Thunderbird, El Dorado... LAND THROUGHOUT THE VALLEY... Including date, grape citrus and cotton lands...

# Desert Area Church Activity

Saturday, July 28, 1962  
Palm Springs, California

The Desert Sun 5

## 'Rock of Ages' Is Topic At P.S. Community Church

The morning worship service in children under the age of two, The Community Church of Palm Springs is held at 9:30 a.m. Dr. Blackstone will preach on the subject "The Rock of Ages." The anthem "Brother James" Air, a paraphrase of the 23rd Psalm, will be presented by the Summer choir under the direction of Dan Kammeyer with Mildred Kammeyer accompanying at the organ.

Sunday School with classes of instruction for all age groups up through high school are held at the same hour, 9:30 a.m. A nursery is provided to care for

The High School Youth Group will meet with Mr. and Mrs. Fred Grimm, sponsors. In the evening service at 7:30 p.m. Dr. Blackstone will preach on the subject "Watching with Christ."

Visitors will find the air-conditioned Sanctuary comfortable even during July and August. A men's quartet will be featured in the evening service. All are welcome.

## Pastor of CV Church Ends Series

The Reverend David T. Kagiwada of the Coachella Valley Christian Church, Avenue 50, at Jackson, Ind., will close his sermon series on "Heroes of the Bible," this Sunday when he will preach on "Jonah, the Universal Prophet," at the 10 a.m. service. Elder Tom Cross will preside at the service. Child care is provided during the worship hour. Church School classes will be held for the last time at 9 a.m., the August schedule calling for a vacation of all classes above the kindergarten level.

## 'Truth' Is Theme of Services

Progress depends on spiritually meaningful activity. This is a theme of the Lesson-Sermon entitled "Truth" at Christian Science church services Sunday.

Scriptural passages will include these verses from Proverbs (4): "Let thine eyes look right on, and let thine eyelids look straight before thee. Ponder the path of thy feet, and let all thy ways be established."

A citation to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states (p. 323): "In order to apprehend more, we must put into practice what we already know. We must recollect that Truth is demonstrable when understood, and that good is not understood until demonstrated."

## Series of Sermons Ends This Sunday

This Sunday the Rev. Dean W. Miller will conclude his series on "Christ's Miracles for Today," as he discusses the theme "The Cause and Cure of Fear."

The Summer Worship Service is at 9:30 a.m. Nursery and child-care is provided during the Worship Service.

The Palm Desert Community Church congregation will join with

the Hope Lutheran Church of Palm Desert for the Service of Worship each Sunday during the month of August. The Worship Service is scheduled for 9 a.m.

Last summer the Lutheran congregation joined our congregation in worship at our church.

This affords the opportunity to express on a community level our oneness in Christ, and also affirms our common heritage, as the Presbyterian and Lutheran churches originated during the Protestant reformation of the 16th Century.

## Guests to Fill Church Pulpit

TWENTYNINE PALMS — The Twentynine Palms Methodist Church announced today that guest ministers will conduct church services for the summer months during the absence of Rev. B. A. Rogers who is vacationing in Colorado this summer.

The Women's Society of the Methodist Church has planned a rummage sale to be held October 5 and 6. All proceeds will go toward the church's building fund. Preliminary plans for the new church are near completion and it is hoped that construction will begin very soon. Architect for the new church to be located on Mesquite Springs Road, just south of the new high school, is Thomas Disimuk of West Covina.

## Angels Lose to Tigers In Heartbreaker, 4-3

DETROIT (UPI)—It's amazing what a man sometimes can do for a baseball team—and to the Los Angeles Angels it's disgusting.

When the Detroit Tigers were in Los Angeles two months ago they ripped the Angels three straight, thanks mainly to Al Kaline. At that time the American League's leading home run hitter, the Tiger outfielder star slammed a four-bagger in each game.

Kaline was injured several weeks later. When Detroit arrived at Chavez Ravine last week for another three-game stand the Tigers were without his services. The Angels swept all three games from Detroit.

However, the right-handed slugger had returned to the Detroit lineup Friday night when Los Angeles opened a four-game series in the Motor City and the Tigers once again turned tiger.

Kaline Comes Through With the Angels holding a 3-2

lead in the bottom of the ninth, Kaline lined a single to right field to bring home the tying and winning runs and gave Detroit a 4-3 victory.

It was a disappointing way to begin a 16-game road trip—although the Angels started their last road trip with a defeat and returned in first place. And Los Angeles figured to have just as much trouble with Kaline today when the Angels and Tigers tangled in the second game of the series.

Los Angeles' Bo Belinsky (7-5) was to pitch against Paul Foytack (7-4).

The clubs will play a double-header Sunday.

Steve Bilko's sixth home run of the season gave Los Angeles a 1-0 lead in the second inning. But Norm Cash powered a tremendous homer out of the park to tie the game in the fourth and take over the American League home run lead with 28.

Los Angeles broke the 1-1 tie

in the top of the eighth on a walk, back-to-back singles by Albie Pearson and Billy Moran, and Steve Bilko's sacrifice fly.

But reliever Jack Spring, who had taken over for Eli Grba in the eighth, couldn't hold the 3-1 lead. He allowed consecutive singles with one out. Dean Chance was brought in to relieve Spring but quickly walked Don Buddin to load the bases.

A ground out scored one run and moved the other two runners up. Then Kaline came along to win it.

## 3-Run Poke Sparks Dodgers Win, 3 to 1

LOS ANGELES (UPI)—One hit by baseball's most powerful slugger, Frank Howard, had the San Francisco Giants talking to themselves today as they looked ahead to tonight's second game with the league-leading Los Angeles Dodgers.

## Sifford in Canadian Open Lead

LAVAL - SUR - LE - LAC, Que. (UPI)—The Canadian Open golf championship has been a springboard to fame for six of the last eight champions and Negro Charlie Sifford today was halfway home toward his first major PGA-sponsored victory.

The five-time U.S. Negro titleholder fired the finest round of the second day's action in the 53rd Canadian Open, a five-under-par 67, to take a one-shot lead over three other pros from three different countries—young Wilf Homenuik of Winnipeg, Bruce Crampton of Australia, and veteran Ted Kroil of Fort Lauderdale, Fla.

Sifford began the second round four shots off the pace of George Knudson of Winnipeg, who led the field of 156 starters opening day with a similar 67. Knudson lost his putting touch and slipped to a second-round 73 which left him two shots off the lead in a tie with Don (Spook) Fairfield.

Three shots back at 141 and still in contention were George Bayer, the big slugger from Miami who won his maiden tournament in this one in 1957, and Bob Shave Jr.

Three more were grouped at 142—Dave Hill, Bill Johnston and Bob Rosburg, who "couldn't find the middle of the hole all day." At 143 were Doug Ford, whose son "Doug" is also competing; Bobby Brue and Jack Rule.

The lone San Francisco runner came in the seventh inning when Orlando Cepeda walked, gained life at second on an infield error and scored from third on Bob Nieman's pinch single. With two men on the bases, the Giants appeared to have a rally going as catcher Tom Haller singled to right but Howard fired the ball to infielder Larry Burright who relayed to the plate to get Felipe Alou.

Dark Bounced  
"To me that was the key play of the game," Podres said. "Johnny Roseboro blocked the plate to make the tag. If the Giants had scored, it would have made a different game of it."

The normally clam Dark was ejected from the game in the eighth inning when first Maury Wills and then Willie Davis stole bases on Miller. Dark objected that Miller had called time but the umpires failed to hear it and allowed Davis to remain at second.

Wills' stolen base was his 50th of the season to equal his personal high mark set in 1960. Jack Sanford, 13-6, was named to start for the Giants tonight. Opposing him will be Stan Williams, 9-6. Williams and Sanford both have 1-1 records this season in Giant-Dodger competition.

It is impossible for any player to consistently send the ball in the right flight with any club without holding his head steady until well after impact. Without attending to this and other swing essentials the great successes of Bobby Jones, Sam Snead, Ben Hogan and Arnold Palmer could not have been enjoyed.

Remember it's done by attending, not dreaming.

Arnold Palmer holds his head steady after impact, also attends to other swing essentials, as every golfer should.

DREAM on, McDuff.  
Picture yourself playing aggressively like Arnold Palmer, swinging with Sam Snead's smoothness and ease, also Ben Hogan's sharpness and winning Bobby Jones' Grand Slam.

Such dreaming is an enjoyable part of golf, but no amount of imagination will prevent you from hearing your opponent's rude demand: "Hit it or get off the tee!"

In short, no player can be consistently successful at club swinging, shot making or scoring without being downright realistic. This begins with properly attending to swing essentials.

DREAM on, McDuff.  
Picture yourself playing aggressively like Arnold Palmer, swinging with Sam Snead's smoothness and ease, also Ben Hogan's sharpness and winning Bobby Jones' Grand Slam.

Such dreaming is an enjoyable part of golf, but no amount of imagination will prevent you from hearing your opponent's rude demand: "Hit it or get off the tee!"

In short, no player can be consistently successful at club swinging, shot making or scoring without being downright realistic. This begins with properly attending to swing essentials.

It is impossible for any player to consistently send the ball in the right flight with any club without holding his head steady until well after impact. Without attending to this and other swing essentials the great successes of Bobby Jones, Sam Snead, Ben Hogan and Arnold Palmer could not have been enjoyed.

Remember it's done by attending, not dreaming.

Arnold Palmer holds his head steady after impact, also attends to other swing essentials, as every golfer should.
